Printed Electronics
Membrane Switches
Nameplates, Overlays
Decals, Labels
Doming
In-Mold Decorating
In-Mold Electronics
RFID, Near Field
Communication
Screen Printing
Digital Printing
Flexographic Printing

www.bhelectronics.com

High Frequency Magnetics.
Up to 1.3GHz. Isolation
Transformers, Inductors,
Common Mode Chokes, filters,
Standard Magnetics, Video
Components, Test Baluns, DC-
DC Converter, Custom
Assemblies. Offers
comprehensive engineering
design support
Certified to ISO 9001:2008

www.nacsemi.com/

Aglobal electronic component
design services & distribution
company. Design services via
Field Applications Engineer staff.
Thousands of components in
stock for convenient delivery
Value-Add services & complete
supply chain programs

www.jecoplastics.com

Industry leader in plastic pallet
design and manufacturing. We
focus on printing pallets and
other custom plastic pallets
made from resilient linear low-
density polyethylene plastic
(LLDPE).

Superior Technical Sales
Coverage

<https://lsrwelding.com/>

Leaders in Precision Laser
Welding and Laser Marking Since
1984. Laseronics uses Swiss
made LASAG Laser-sources with
outstanding capabilities. We are
able to shape the pulse of our
Laser beam to achieve high
penetration without cracking
materials.

www.vaga.com

Since 1966, Vaga Industries has
been a leader in Photo Chemical
Machining and Laser cutting.
Our manufacturing capabilities
enable us to deliver high quality,
high precision parts that match
our customers' exact designs.
